

SIDE EVENT AGENDA

Funding 30x30

16 April, 12.00 – 12.50, Alternative Stage

Co-organizers: Blue Action Fund, Minderoo and the Med Donor Roundtable (presented by Prince Albert II of Monaco Foundation and Oceans 5)

At present, only about 8 percent of the global ocean is protected through designated marine protected areas. The newly agreed 30 by 30 targets underline the need for additional and more effective funding. Our event will present views from key MPA funders to highlight achievements and positive learnings, exchange on challenges and present concrete actions how to further in-crease impact. This includes among others the Med Conservation Grant Tracker, which aims to promote collaboration and synergy between donors, newly developed guidance for countries to support finance of MPA designation and implementation, and collective funders approaches.
